Study Timetable: October 4–15

Glow Logics classes • CSS • College work • CNN assignment • Project report • Projects & presentation

Sunday — 4 Oct

Focus: Start Glow Logics + CSS

Time	Task
1:30–2:00	Lunch / setup
2:00–3:30	Glow Logics Class 16
3:30–4:00	Break
4:00–5:30	Glow Logics Class 17
5:30–6:00	Break
6:00–7:00	CSS — revise completed topics
7:00–7:30	Break
7:30–8:30	College record writing
8:30–9:00	Dinner
9:00–9:45	Python/Tkinter practice
9:45–10:00	Plan tomorrow

Target: Classes 16–17 + CSS revision + record work.

Monday — 5 Oct

Focus: Consolidate Glow Logics + CSS + college revision

Time	Task
After college	Rest + food
6:30–8:00	Glow Logics: finish/review Classes 16–17
8:00–8:30	Break
8:30–9:15	CSS — new topic
9:15–9:45	ADA — revise today's topic
9:45–10:15	Record writing

Tuesday — 6 Oct

Focus: Glow Logics consolidation + CSS

Time	Task
After college	Rest
6:30–7:30	Review Classes 16–17 notes
7:30–8:00	Break
8:00–9:00	CSS
9:00–9:30	Python/Tkinter
9:30–10:00	Record writing

Wednesday — 7 Oct

Focus: Buffer / catch-up day

Time	Task
2:00–3:00	Catch up on Glow Logics
3:30–4:30	CSS
5:00–6:00	Record writing
7:00–8:00	College revision
8:30–9:00	Plan ADA Part B

Target: Keep this day flexible; use extra time for anything unfinished.

Thursday — 8 Oct

Focus: ADA Part B

Time	Task
After college	Rest
6:00–7:30	ADA Part B
7:30–8:00	Break
8:00–9:00	ADA Part B continuation
9:00–9:30	CSS practice
9:30–10:00	Record

Friday — 9 Oct

Focus: ADA Part B + Glow Logics revision

Time	Task
6:00–7:30	ADA Part B
7:30–8:00	Break
8:00–9:00	Glow Logics revision
9:00–9:30	CSS
9:30–10:00	Record

Target: ADA Part B should be mostly under control before Saturday.

Saturday — 10 Oct

Focus: Glow Logics Classes 18–19 + Lesson 20

Time	Task
10:30–12:00	ADA Part B
12:00–1:00	Lunch / break
2:00–3:30	Glow Logics Classes 18 & 19
3:30–4:00	Break
4:00–5:00	20th lesson
5:00–6:00	Break
6:00–7:00	CSS
7:30–8:30	ADA revision
8:30 onward	Relax

Target: Classes 18, 19 and Lesson 20 completed.

Sunday — 11 Oct

Focus: CNN assignment + Lessons 21–22

Time	Task
11:00–12:30	CNN assignment — Part 1
12:30–1:30	Lunch
1:30–3:00	CNN assignment — Part 2
3:00–3:30	Break
3:30–5:00	Lessons 21 & 22
5:00–5:30	Break
5:30–6:30	Finish/check CNN assignment
7:30–8:30	CSS
8:30–9:00	Record

Target: CNN assignment DONE and Lessons 21–22 completed.

Monday — 12 Oct

Focus: Lesson 23 + report introduction

Time	Task
After college	Rest
6:00–7:30	Lesson 23
7:30–8:00	Break
8:00–9:00	That day's lesson
9:00–9:30	Dinner
9:30–10:30	Project report — Introduction

Tuesday — 13 Oct

Focus: Complete project report

Time	Task
After college	Rest
6:00–7:30	Complete project report
7:30–8:00	Break
8:00–9:00	Lesson 8–9
9:00–9:30	Break
9:30–10:00	Proofread + check report

Target: Report should be complete, checked and ready to submit.

Wednesday — 14 Oct

Focus: Revision + small projects

Time	Task
2:00–3:00	CSS revision
3:00–3:30	Break
3:30–5:00	Small Project 1

Time	Task
5:00–6:00	Break
6:00–7:30	Small Project 2
7:30–8:00	Break
8:00–9:00	Python/Tkinter
9:00–9:30	College topic revision

Target: Build small projects instead of only watching tutorials.

Thursday — 15 Oct

Focus: Projects + presentation preparation

Time	Task
2:00–3:30	Work on project
3:30–4:00	Break
4:00–5:30	Finish/improve project
5:30–6:30	Break
6:30–7:30	Prepare project presentation
7:30–8:00	Break
8:00–8:45	Watch that day's lesson
8:45–9:30	Practice presentation aloud
9:30–10:00	Quick revision

Target: Project ready + presentation practiced.

Additional Study Rules

Priority 1 — MUST DO	Deadline-based online lessons, CNN assignment, report, and urgent college work.
Priority 2 — SHOULD DO	CSS and ADA/other subject revision.
Priority 3 — CAN MOVE	Python/Tkinter, extra projects and optional practice.
CSS rule	Do not count watching tutorials as completion. Spend at least 20–30 minutes writing CSS yourself in each CSS session.
College revision	Aim for 30–45 minutes of the day's college topic rather than cramming everything later.
If a day goes badly	Move lower-priority tasks first. Do not sacrifice sleep to force CSS + Python + record into an already packed day.

Suggested small projects: a personal portfolio/profile page and a simple study planner or to-do page. Keep them small enough to finish and present.
